Work

(selected)

FOUNDER, TEACHER, ART & CRAFT SCHOOL ROBOTTI, ESPOO & TURKU – 2011-

Art & craft school Robotti is an art school that combines art, science and technology together. School's aim is to give tools to operate in both digital and analog environments.

TRAINER, ILONA IT – 2011-2014

Ilona it is an IT-business with firm focus on ICT in education. My role was to design courses and train teachers in ICT, especially in mobile platforms, 3D-printing, programming and robotics.

TEACHER, MUU RY, MEDIA BASE, HELSINKI – 2007-2011

Artist's association Muu represents new media and other artist's in Finland. I worked in their media base teaching courses from interactive art to sound art.

TEACHER, AALTO-UNIVERSITY, HELSINKI 2011 & UNIVERSITY OF TAMPERE 2014 & UNIVERSITY OF HELSINKI 2015, UNIVERSITY OF TURKU 2016-

I have thought wearable electronic courses for students in many universities, starting with Aalto University of art, design and architecture in 2011.
